Goodbye Server

Atlassian are discontinuing their Server (self-hosted) product line in favour of Cloud alternatives. See:

- my blog post, Goodbye to Atlassian Server products
- https://www.goodbyeserver.org

This section contains relevant articles, including reviews of competing products and pricing analyses.

- Atlassian Future Pricing Calculations worked example: 50 user Jira and Confluence

  This is the essence of a report I wrote up for one of my customers, with recommendations on what to do about Atlassian's move to Cloud.
- Atlassian Future Pricing Calculations worked example: 2000 user Jira and Confluence

  This is the essence of a report I wrote up for one of my customers, with recommendations on what to do about Atlassian's move to Cloud.
